PAPILLONS VOYAGEURS: EVENT ORGANIZER

A non-profit association dedicated to creating spaces for sharing, learning, and taking action through the co-creation of transformative experiences that serve life in all its forms.

Drawing inspiration from the seven petals of the permaculture flower—with a particular focus on agroecology, eco-construction, and community living—we contribute, through the light and colorful beating of our wings, to the preservation of life in all its forms.

CAMP GUIDES

PIR SHABDA KHAN

Spiritual Director of Sufi Ruhaniat International since 2001, Pir Shabda has been sharing the tradition of Universal Sufism since 1969 with gentleness, depth, and humor. A direct disciple of the great Hindustani vocal master Pandit Pran Nath for 24 years and guided in Tibetan Buddhism by the 12th Tai Situ Rinpoche, he embodies a living bridge between Eastern mystical traditions. A passionate musician, poet, and teacher, Pir Shabda shares the medicine of the Hindu raga, *dhikr*, and the Dances of Universal Peace across the globe, guiding each being toward the awakening of the heart and the direct experience of Oneness.

MURSHIDA DAKINI MARIS WARRIOR

A passionate seeker on the path of the heart, Murshida Dakini is an accomplished guide and recognized mentor in the Dances of Universal Peace and the Sufi Ruhaniat International. Her teachings are deeply rooted in Sufi mysticism, Tibetan Buddhist wisdom, and a sacred listening to the living world. Grounded in the nature that inspires her, she weaves a space of presence, song, and movement with great subtlety. With kindness and clarity, Dakini guides each person to awaken their own inner light, embody grace in movement, and celebrate Oneness at the heart of the circle.

AT THE HEART OF SUFI RIVER

THEME OF THE 5TH INTERNATIONAL CAMP

For this 5th International Camp, we invite you to a deep immersion—"At the Heart of the Sufi River"—guided by the exceptional presence of Pir Shabda Kahn, spiritual director of Sufi Ruhaniat International, and Murshida Dakini Warrior.

We gather at the Sainte-Camelle ecovillage with the intention of opening ourselves to the blessings offered by those who walked and prayed along this river of Universal Sufism before us. By receiving this living heritage, we cultivate our own presence so that we, in turn, may become a living source for the world and for the generations to come.

Together, we will journey upstream and bathe in the source transmitted by Hazrat Inayat Khan and Murshid Samuel Lewis—through teachings, stories, practices, and, of course, the Dances of Universal Peace.

Throughout these five days, we will embody the "plan for peace" so dear to Murshid SAM —"Eat, dance, and pray together"—and allow ourselves to be guided by the inspired flow of Sufi wisdom. Join us to dive into these rejuvenating waters, celebrate Oneness, and let the Sufi River flow through every step we take.

Arrivals: Tuesday, May 11, 2027, between 2:00 PM and 6:00 PM, to settle into the areas reserved for tents and camper vans. A shared meal in the evening, followed by the camp opening at 8:00 PM!

Departures on the afternoon of Sunday, May 16, 2027, after the 1:00 PM lunch.

Meal details and accommodation options in the Reservation section, page 6.

CAMP LOCATION

SAINTE-CAMELLE ECOVILLAGE

Founded in 2011, the Sainte Camelle ecovillage is an inspiring place located in the Ariège region—specifically in the commune of Saint-Victor-Rouzaud—near Pamiers and less than an hour from Toulouse. Spanning 18 hectares, including 11 hectares of forest, it offers a preserved natural setting conducive to rejuvenation, connection, and inner transformation. Today, around fifteen residents live there as part of an intergenerational collective capable of accommodating up to twenty people.

Sainte Camelle is not a community in the traditional sense, but rather a collective based on independent living units, shared activities, and common services. The project is driven by a powerful vision: combining inner ecology with a tangible commitment to a lifestyle that is low-impact, sustainable, and in harmony with the natural world. Relational harmony is central to the community, supported by conscious practices that foster respectful and authentic coexistence.

The site is developing a sustainable economic model through eco-tourism, workshops, immersion stays, and events, while also supporting its members' personal projects. Deeply committed to the ecological transition, Sainte Camelle experiments with organic vegetarian nutrition, eco-friendly construction, careful water management, and solidarity-based initiatives.
